SUMMARY

A goal-oriented entry level Front-End Developer with the knowledge of HTML, CSS, JavaScript, React, Angular, and MongoDB to develop desirable user experience across all platforms. Utilize this degree for a profession as a Front-End Engineer specializing in web and IOS development of designing and building of products.

EDUCATION

University of California, Berkeley   *May 2024* | Berkeley, CA
Bachelor of Arts in Cognitive Science and Computer Science

SKILLS

- **Languages:** Python, Java, JavaScript, HTML, CSS, SQL
- **Libraries:** Node.js, Express, React, jQuery, Angular, Cue, MongoDB/Mongoose
- **Automation Tools:** API, JSON, Postman
- **Version Control:** Git, Github, VS Code
- **Software:** Figma, Microsoft Word, Excel, PowerPoint

RELATED COURSEWORK

- Structure & Interpretations of Computer Programs   • Discrete Mathematics • Introduction to Building Apps
- Foundations of Data Science   • Full Stack Development • Computational Models of Cognition

PROJECTS

CubStart Berkeley   *Aug 2023 - Present* | Berkeley, CA
- Designing an interactive layout, using HTML, CSS, and JavaScript to generate a high-quality design.
- Developing responsive and intuitive front-end design using Flexbox.
- Collaborating with other developers, designers, and project teams to ensure successful and delivery of applications.
- Optimizing page elements to reduce loading time and debugging code to ensure cross-browser usability.

Postman and Web Development at Berkeley   *Oct 2023* | Berkeley, CA
- Built an AI Text Summarizer App whereas leverages the power of Artificial Intelligence APIs to provide concise summaries of long texts using Node.js, Express, and Postman.

EXPERIENCE

Student Tutor | Jei Learning Center, LLC.   *May 2022 - Present* | Cerritos, CA
- Providing help and assistance to K-12 students in Math and English.
- Conducting one-on-one tutoring sessions with students in virtual settings, focusing on various subjects.

Frontend Developer Intern | MakeupStar Studio   *Nov 2021 - May 2023* | San Jose, CA
- Developed complex user interfaces with HTML, CSS, JavaScript, and React to ensure optimal user experience.
- Implemented mobile responsive design using React and created mockups using Figma.
- Troubleshooted and tested web designs to ensure functionality and successful operations across all platforms.
- Designed wireframes and website mockups for desktop and mobile devices for various screen sizes.

Quantitative Researcher | Cerritos College   *Aug 2019 - Dec 2019* | Norwalk, CA
- Conducted a novel research study whereas performed in-depth quantitative data analysis from a theoretical perspective, including data cleaning, coding, and summary of analysis.
- Utilized statistical software to interpret results, performed technical writing, and reported data, including complex reports that provide statistics, demographics, and other text-based data.

ORGANIZATIONS

Computer Science Undergraduate Association (CSUA**)**   *Aug 2023 - Present* | Berkeley, CA
Society of Women Engineers (SWE)   *Aug 2023 - Present* | Berkeley, CA
Cognitive Science Student Association (CSSA)   *Aug 2022 - Dec 2022* | Berkeley, CA
UC Berkeley AI Hackathon - Cal Hacks   *Oct 2023* | Berkeley, CA

HONORS AND AWARDS

- Dean's Honor List for Fall 2018, Spring 2019, Fall 2019, and Spring 2020
